COMMERCIAL SITE CHECKLIST

- Submit a PDF copy of Utility Plan and Site Plan to District Engineer
- Sewer Availability Letter (i.e., Board of Health Letter, Will Serve Letter) if required by city or county
- Complete and return to District Engineer the Industrial Discharge Questionnaire (IDQ)
- A sampling manhole is required on all commercial sewer laterals
- A grease trap is required for all commercial kitchens and buildings with floor drains
- Final addresses and lot numbers provided to the District
- Contractor has current lateral bond with the District. Lateral bonds are good for 1-year
- Contractor has a copy of the District Lateral Specifications
- Contact District Engineer 1-2 weeks before start of project for fee estimate and to verify contractor's bond is current**
- All fees paid to District
- Any old abandoned laterals should be capped at the property line
- All sewer improvements shall be inspected by the District Inspector. Call 801-262-2904 to schedule an inspection. Be sure to have the assigned District Number or exact address ready when calling.
